

We have entered the 7th year of our glorious academic journey in June 2015. From the humble beginning we made in 2009, having crossed many memorable milestones, today our school is a dream destination for students. I wish to begin celebrating our success with an expression of gratitude to our illustrious management, past and present whose vision, wisdom and missionary zeal inspired all stake holders to work with passion and commitment. We also remember with gratitude every one of those who walked along with us –every student, every teacher and every parent who contributed his or her best to build this edifice of excellence. While expressing our gratitude “We must remember that the highest appreciation is not to utter words but to live by them.” On this memorable occasion we rededicate ourselves with firm resolve to create a brilliant future. It is my customary duty to present before you a brief roundup of the current academic session .

Sand Dunes has initiated new methods & techniques of imparting education and has made it available throughout the session. We have started a full time course of ‘ABACUS’ from std I to VI three years ago, which has been very successful & well appreciated by the parents. We’ve also started ‘SMART-CLASSES’ in association with PEARSON INDIA LTD. to impart best and practical knowledge to our students. Our Library has been enriched with subscriptions for more number of newspapers, magazines, Educational periodicals and acquisition of a large number of books in fiction and in all school subjects both in Hindi and English. We have a computer lab with all required facilities.

There is no denying that Cricket is perhaps the most loved game in India, and over the years with the accomplishments of the National Team along with the fame and glamour associated with the game the younger generation dream of being international cricketers. Why not help them achieve this dream?

To do so, we need to spot and nurture talent at the grass root level, i.e. at the basic school level. We feel that a school should take a lead in this to coach talented young schoolboys competently professionally and sincerely.

Our Students also participate in external examinations like SOF and other Olympiad Examinations to get selected in different scholarship schemes.

The school celebrates all the National days and Birthdays of great national leaders with great spirit to inculcate the values imbibed by them amongst students. Apart from these we had celebrated International days like, World health Day, World Labour day, World population day, World literacy day, World food day, World unity day, with reverence and enthusiasm. All national festivals are celebrated with the right spirit of respecting every religion.

To hone latent skills in co-scholastic areas, students of Classes VI – X are provided structured opportunities. One such opportunity is the various club activities conducted in the school premises. We have literature club, Sports club, Science club , Maths Club & Eco Club in action. Highlights of a few significant activities are given below. Various competitions are conducted from time to time by these clubs to identify the talents and to

nurture them in the skills to channelize them in the right direction. Hindi ,English debates, salad making competition, Rakhi making competition, Collage making, Fancy dress are to name a few.

Health Club conducted Awareness campaign & Interactive sessions to create awareness about Health & Hygiene were organized for students .

Ample opportunities are provided to our children to play and prove their mettle in various sports and games as the school has got a big play ground with specified markings for different games.

Last but not least I would like to mention we have a team of qualified and trained staff who are very supportive, cooperative and efficient. I would also like to express my grateful thanks to the team , all our higher authorities , the parent community and students whose whole-hearted cooperation has enabled us to complete all our tasks successfully .

This annual report is much more than a statement of the school's activities and achievements in the last academic year. It is a reflection of the school ethos, an expression of the conviction and faith with which we pursue our goals and the very spirit with which we at work. We work as a team to maintain and enhance the glorious traditions of this great institution.

I wish to conclude this presentation with a prayer to God thanking Him for his benevolence and grace and seeking His blessings and guidance to make our tomorrow more rewarding and more fulfilling. Hope you will be enjoying the evening with us.

Thank you!
